

Serving of the meals

Due to Covid 19, the serving of the meals is different. Until further notice, self-service and the buffet are only possible with restrictions. Due to the many hygiene regulations the environmental aspect is somewhat pushed into the background and we use more portion packaging than we used to. We ask for your understanding and at the same time for the adherence to the schedule. Because only if we all stick to the rules together, another but still successful daily life in the music academy can take place.

We stagger the meal times according to groups so that there is only one group in the dining room at a time.

We ask that you always walk on the right side to ensure separate coming and going.

The tables are placed so that the minimum distance of 1.5 m is maintained. Please do not change this.

The serving of the food is done by our staff, who portion and serve the meals for you. Here we have installed extra hygienic disks, so that we keep the hygiene regulations.

Please avoid to form any queues. Not more than 3 persons are allowed to wait at the food counter and a distance of 1.5 m must be maintained.

Cutlery is ready for you on the tables.

When returning the dishes, please also take care not to form any queues and keep the distance of 1.5 m.

We will inform the group/course leader to which group (1,2,3) the course belongs. For your own protection and for the protection of others, a cosy get-together in the dining room is not permitted during this time. Our staff is required to remind guests after they have eaten to „go.“ The breaks between the groups are needed to clean and disinfect tables and chairs.

Breakfast 1	07:30 until 08:00	Lunch 1	12:00 until 12:30
Breakfast 2	08:15 until 08:45	Lunch 2	12:45 until 13:15
